McCoy, formerly of 1323 Broadway, Council Bluffs, but now residing at 311 Humboldt St., Denver, writes that he "suffered for years from constipation, causing sick, nervous and bilious headaches, and was fully restored to health by Dr. Miles' Nerve and Liver Pills. I heartily recommend Dr. Miles' Remedies."

A SPANISH GUNBOAT

Compels a Vessel Flying the American Flag to Return to Manila.

ORDERS OF GENERAL RIOS

Cause an Interruption of Trade Relations in the Philippines—Attitude of Insurgents Becoming Menacing and American Authorities Taking Precautionary Measures.

Manila, Oct. 24.—The commission of Spaniards sent here recently by General Rios, Spain's chief representative in the Philippines and governor general of the southern portions of the archipelago, arranged a temporary commercial convention. Accordingly inter-island traffic was resumed, but it is now again interrupted, this time by orders from General Rios.

The steamer San Nicolas, which left Manila flying the American flag, was compelled to return by a Spanish gunboat, whose commander offered as a plea for his action that the crew consisted of Filipinos who might smuggle contraband articles.

The San Nicolas after reporting her experience sailed again, followed by the United States gunboat McCulloch. The insurgent schooner Maunila entered Manila harbor flying the insurgent flag, which was promptly hauled down by the Americans.

The British consul at Manila convened a meeting of merchants to discuss the commercial deadlock. British capital to the amount of \$300,000,000 has been lying here idle for six months. In the existing conditions business relations with the provinces have been in many cases entirely suspended. The meeting resolved to make an urgent appeal to the British government to endeavor to hasten a settlement of pending issues.

The attitude of the insurgent troops has become very menacing. Their supplies are growing scarce and they are becoming desperate.

Their leaders assure the troops, who have had no pay for months, that they will soon capture Manila. The Filipino newspapers insist upon absolute independence and denounce annexation to the United States or any American protectorate with equal energy.

The American authorities, naval and military, are taking precautionary measures, although no immediate trouble is anticipated.

SPAIN'S CABINET.

Radical Division Indicated Upon the Question of Censor's Powers.

Madrid, Oct. 24.—Lieutenant General Correa, minister of war, threatens to resign unless the government upholds the action of General Chinchilla, captain general of Madrid, who last week imprisoned Senor Figueroa, editor of El Nacional for publishing an article not previously submitted to the censor—the imprisonment being resented in certain quarters as an infringement of Figueroa's alleged immunity from arrest as a member of the chamber of deputies.

Senor Gamazo last week resigned as minister of public instruction and public works as a protest against the arrest of Senor Figueroa. His resignation taken with the threat of General Correa indicates a radical division of sentiment in the Sagasta ministry on the subject.

FUSILADE OF BULLETS.

From Soldiers and Policemen at Chattanooga—Officer and Citizen Shot.

Chattanooga, Oct. 24.—Sergeant

In the old times, physicians accounted wisely, searched vainly for the Elixir of Life, or the knowledge whereby life might be prolonged. We now know that there is no such thing as an Elixir of Life. But we have learned that life may be prolonged by those who take the right measure.

Any man or woman who will take care of health and take the right remedies for ill health, may live to a ripe old age. When a man feels out of sorts, when he gets up in the morning tired out after a restless night, and goes home in the evening completely knocked out with his day's work, without appetite or ambition, he is a sick man. If he does not take the right remedy he will soon be in the grasp of consumption, nervous prostration, malaria, or some other serious malady.

A man in this condition should at once resort to Dr. Pierce's Golden Medical Discovery. It is the best of all medicines for hard-working men and women. It makes the appetite keen and hearty. It gives sound and refreshing sleep. It tones and strengthens the whole system. It invigorates the heart and nerves. It makes digestion perfect, the liver active and the blood pure. It cures 95 per cent. of all cases of consumption. It strengthens weak lungs, and cures bronchitis, spitting of blood and obstinate coughs. It does not make flabby flesh like cod liver oil, but firm, healthy, muscular tissue. It does not make corpulent people more corpulent. A Thousand have testified to its marvellous merits. Sold by all medicine dealers.

You know what you want. It is not a dealer's business to tell you. Send to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of the "People's Common Sense Medical Adviser." For paper-covered copy enclose 21 one-cent stamps to cover mailing only. Cloth-bound 31 stamps.

Dr. Mueller Dead. Vienna, Oct. 24.—Dr. Mueller, who

Clarence Allen, Company L, Eighth colored United States volunteer infantry immunes, fired on three policemen who were attempting to arrest a colored soldier who was drunk and threateningly displaying his revolver in a crowd. One of the bullets from Allen's pistol took effect in the head of Charles Beagles, a white man standing in the saloon, killing him instantly. A general fusillade from policemen and soldiers followed. One of the policemen, Mosely, was slightly wounded in the arm. Allen was finally arrested and lodged in jail. The riot produced great excitement and General Boynton ordered a strong provost guard to the city at once.

Meaning of Hobson's Return.

Santiago de Cuba, Oct. 24.—It is reported from Guantanamo that Naval Constructor Hobson, who left there early last week for Jamaica, with the intention of taking the Atlas line steamer for New York, is going to Washington to obtain an appropriation of \$1,000,000, if possible, for the purpose of raising the sunken Spanish cruiser Vizcaya. The plans for raising the Cristobal Colon have been perfected and the work is progressing in accordance with the instructions left by Mr. Hobson, who expects to return within a month.

Peace Cross Unveiled.

Washington, Oct. 24.—A most impressive ceremony in this city yesterday was the unveiling of the peace cross on the summit of Mount St. Albans, the site for the new Episcopal cathedral. This ceremony was in lieu of that at the laying of the cornerstone of the edifice, which will be known as the cathedral of Saints Peter and Paul. President McKinley delivered a brief address.

SANTIAGO NEWS.

Serious Complaint of Postal Service—The Mayor Criticized.

Santiago, Oct. 24.—The steamer Rana de Los Angeles returned here yesterday after carrying the Garcia and Cespedes factions to Santa Cruz del Sur to attend the Cuban assembly. Her captain reports that during the voyage neither faction spoke to the other. On arrival at the destination they were received by a colored drum band and escorted on horseback to the residence of Senor Bartolomeo Maso, president of the so-called provisional Cuban government, which was gaily decorated with Cuban flags. Here there was much embracing. General Calixto Garcia being the popular hero. About half the delegates to the assembly, convened for the selection of officials of the permanent Cuban government, had arrived.

There are many serious complaints regarding the postal arrangements in Santiago. Many letters have never reached their destinations. There are no regular mails and sometimes as many as 10 days elapse between mail steamers. Often the mails go by a tramp steamer, generally one bound for Baltimore. The local force is insufficient, and it has to supply several other places, among them Manzanillo, Guantanamo and Songo and next week Holguin will be added to the list.

The freedom of the press is much abused in Santiago, the local papers complaining of all the officials and bitterly assailing each other. El Cubano strenuously objects to Mayor McLeary working in the mayor's office in his shirt sleeves, claiming that such a costume is undignified.

All the papers publish in each issue the resolution of the United States congress guaranteeing a stable form of government for Cuba.

All business people apparently wish for annexation to the United States, the desire increasing daily.

CUBAN GENERAL REGO.

Preaching a Holy War Against Americans in Cuban Camps.

Havana, Oct. 24.—The Cuban general, Rego, has arrived at Havana from Puerto Principe, and is preaching in the Havana cafes and the insurgents' camps near the city a holy war against the Americans. He has interviewed many of the leaders of the Cubans and has urged the carrying on of war against Americans if independence is not at once granted to Cuba.

The Cuban colonel, Torriente, has also arrived at Havana from the east and is carrying on a strong campaign against the Americans and Calixto Garcia, whom he professes to look upon as a traitor to the Cubans and as bribed by American gold.

A secret circular has been sent to the presidents of all the Cuban patriotic committees denouncing a large number of Cubans who are looked upon as traitors to the cause of Cuban independence and are charged with being attached to the Americans. The circular recommends a vigorous contest against not only Spanish residents, but against Americans as well, "who are endeavoring to steal the Cubans' victory."

Colonel Cervera, the Spanish military governor of Marianao, pays daily visits to the insurgent camps in his district, advising the Cubans not to surrender their arms and to make resistance until the independence of the island is declared. Colonel Cervera is an intimate friend of General Parrado, president of the Spanish evacuation commission.

Dispatches from General Brooke.

Washington, Oct. 24.—Two dispatches were received at the war department yesterday from General Brooke, one dated at Ponce says: "Relief sailed from Ponce Saturday with 246 patients." The other from San Juan follows: "Manitoba sailed from Ponce this morning with Third Wisconsin, 36 officers and 704 men, 60 discharged soldiers and 30 passengers."

TROUBLE BREWING

Among the Comanche, Kiowa and Apache Indians—Crisis Near.

Perry, O. T., Oct. 23.—Serious trouble is brewing among the Comanche, Kiowa and Apache Indians. For 30 years, since the Medicine Lodge treaty, the government has fed these Indians, but that treaty expired July 1.

They have commenced killing cattle belonging to Texas cattlemen, and a crisis is near. These Indians have no crops, few cattle and have had no money for months. Men who know predict great starvation among them this winter and serious trouble. There are 1,500 Comanches, 1,300 Kiowas and 600 Apaches.

PLEA FOR HIS RACE

Rev. M. C. B. Mason's Address Before the Philanthropic Conference.

Battle Creek, Mich., Oct. 24.—The Civic Philanthropic conference closed last evening with an attendance of thousands of people of all classes. Rev. M. C. B. Mason, general secretary of the Freedman's Aid society, made the principal address. The colored philanthropist was cheered continually in his eloquent defense of his race. He asserted that the negro endured a continuous struggle for existence. Freed from slavery he had been ushered into the cruelty of their white brethren, spurred from society, refused the privileges of education and almost of life, even today the Y. M. C. A. refusing to admit him to membership, notwithstanding that color of skin is no index to one's brain or character. The negro, he said, wanted education, religion, enlightenment and is going to have them even if the world refused, not by taking up arms, but by working and suffering patiently.

Three Hunters Lose Their Lives in Lake Michigan.

Chicago, Oct. 24.—A small skiff, in which were Louis Babban, son of a wealthy brick manufacturer of Evanston, William Schaffer and another man whose identity has not yet been established, capsized in Lake Michigan, about five miles off Wilmette yesterday, and all were drowned. The men were duck hunting. A high sea was running and after drifting about five miles the boat was overturned.

THREE GUARDS AMBUSHED

By Negroes at Ashpole, N. C.—One Officer and Nine Negroes Killed at Harpersville, Miss.—Many More Fatalities Expected Before the Trouble is Settled—Governor McLaurin on the Scene.

Lumberton, N. C., Oct. 24.—Yesterday morning a squad of the negroes who were dispersed at Ashpole, Robeson county, crept up to the town and shot three whites stationed there as guards. They were Albert Floyd, Robert Inman and William Bullard. Bullard is seriously wounded, the others slightly. A hundred whites, with bloodhounds, started in pursuit of the negroes.

They were run down and brought to bay by the bloodhounds, which are thoroughly trained, late yesterday. The negroes are now confined in boxcars at Ashpole and heavily guarded. It is uncertain yet what the fate of the negroes may be, but it is feared their cowardly attempt to assassinate the guards will so exasperate the whites as to cause further and more serious trouble. The guard was composed of eight or 10 men who were standing around the fire in the open air, thus becoming easy targets for the negroes, who fired on them under cover of darkness and then fled.

The Ashpole incident has increased the excitement at Wilmington, which was already near the danger line. Groups of white men have been on the street corners all day eagerly awaiting news from Ashpole.

There is great excitement at all points in the state in telegraphic communication with Lumberton. The whites are telegraphing the principal towns in the state for Winchester rifles to be sent here immediately.

RACE WAR.

Terrible Conflict Between Whites and Blacks in Mississippi.

Forest, Miss., Oct. 24.—As the result of an attempt to arrest a negro near Harpersville, Scott county, in the eastern part of the state, one white deputy is killed, three wounded and, according to the latest report, nine negroes have been killed by the citizens of the Harpersville neighborhood and the sheriff's posse combined. The pursuit of about 50 negroes which had joined the original offender with the avowed determination to prevent his arrest and capture and which ambushed the party attempting the arrest continues and the number of fatalities will undoubtedly assume larger proportions. The whole country is terribly aroused and the sheriff's posse has been reinforced with men from all the neighboring towns.

Governor McLaurin has gone to the scene, which is about 10 miles north of here. The trouble originated last Friday when a negro named Bill Burke had an altercation with his employer, Charles Freeman, a white man, in which the negro got the best of the difficulty.

Sheriff Stevenson realizing the danger apprehended, immediately wired Governor McLaurin at Brandon for aid in quelling a probable widespread disturbance. Upon receipt of his telegram the governor wired Adjutant General Henry at Jackson to get together a company of the national guard and proceed to the scene upon the first train. General Henry immediately responded that there was no national guard company obtainable, but that he would get together a company of armed men and render all necessary assistance.

In the meantime the governor procured a special train at Brandon and accompanied by a posse of 30 men armed with shotguns proceeded to Forest, arriving last night. The governor is naturally counseling moderation, but in the excited state of the public mind a general fear is expressed that the posse will not regard the suggestion favorably. His presence, however, will undoubtedly have a good effect in restraining the number of fatalities, after enough negroes have been killed to satisfy the outraged feeling of the whites in that section.

SHIPWRECKED.

Rescuers Compelled to Abandon a Vessel With Five Men Aboard.

Halifax, N. S., Oct. 24.—Tugs which endeavored for hours yesterday to reach a large square rigged vessel ashore on Thrumcap shoals, about a mile and a half from here, were compelled to abandon their effort to save the crew of the unknown craft.

The vessel was discovered on the rocks at daylight yesterday, having gone ashore in the heavy southwesterly gale which commenced Saturday night and lasted for nearly 12 hours, accompanied by violent rain and unusually heavy seas. Only stumps of masts were visible from the signal station and five men were counted on the deck of the stranded vessel.

Lynching May Result.

Dallas, Texas, Oct. 24.—Three negroes shot and killed Julius Redd, a 16-year-old white boy. Witnesses claim the murder was unprovoked. A mob chased the negroes to a house in the outskirts of the city and surrounded it. A lynching may result.

He walked up to him, asked his name and on answer blew the top of Pereira's head off. The remains were shipped to Albany.

TWO MURDERS.

Jealous Husbands Kill Their Wives and Then Suicide.

New York, Oct. 24.—Two jealous husbands killed their wives and themselves in Jersey City yesterday. Henry Jones, colored, shot his wife to death and then sent a bullet into his brain. The police had barely completed their investigation and sent the bodies to the morgue when five shots were heard in a flat house opposite St. Bridget's church. Garrett French, a Pennsylvania railroad locomotive engineer, had mortally wounded his wife and wounded himself so badly that he died within a few minutes.

DOOM OF PORTWOOD

Governor Bradley Signs Death Warrant and Fixes the Date.

Lexington, Ky., Oct. 24.—George A. Portwood will be hanged Nov. 30 for the murder of Richard Perkins last April. Governor Bradley having signed the death warrant late Saturday.

When Portwood was seen at the jail and informed that the governor had set Wednesday, Nov. 30, as the date of his execution, he said: "Is that so?" Then he continued, without a tremor: "I'm glad you told me. I am very tired of this confinement. I am growing old, and since I have but one time to die, I care little when or how death comes. If I am to be punished, and the soul is heir to the misdeeds of the body, then it is immaterial to me when I am punished. You may say that whenever the governor is ready I'll be ready."

WAS A PEORIA MAN

Only Seaman Killed in the War With Spain Was From Illinois.

Peoria, Ill., Oct. 24.—A letter has been received here from Granville Kimball, United States navy, of the ship Leonidas, written at Guantanamo bay, Cuba, suggesting that the citizens of Peoria take measures for the removal to this city of the remains of George H. Ellis, former resident of Peoria, who was chief yeoman on board the flagship Brooklyn, and was the only man in the American navy killed during the engagement between men-of-war during the war with Spain. His body was buried at Camp McCalla. The mayor of Peoria will call a public meeting to consider the matter.

IT MAY NOT be out of place to make some inquiry about the sale of Jackson county gravel road bonds. The people would like to know whether these bonds have been selling at a premium or not. It is our information from the brokers who have some of these Jackson county gravel road bonds for sale now that such bonds are being sold at a premium of 2 1/2 per cent to 3 per cent. The people have to pay off these bonds from year to year and would like to know something about their county's credit. Do Jackson county gravel road bonds sell for more than their face value? If so how much, and to whom does the premium belong?

THOSE "LOYAL" LEADERS.

The republican party of Jackson county can not be deceived and misled by men who call themselves "loyal" republicans, who now admit that they voted a large part of the democratic ticket two years ago on "personal grounds." It is well known that some of these "loyal" party men used their official positions in the county republican organization only two years ago against a part of the republican candidates on the ticket and in favor of John Burrell and Dr. Gibson. Hamlin Smith did this very thing then, when at the same time he was county chairman and the republican candidate for the legislature, and openly admits it. Even though he used his influence against Harrison Love and William Lampert, two as good republicans and citizens as there are in the county, he now poses as a "loyal" republican.

Dr. S. W. Shields, when secretary of the republican county committee in 1896 was a party to the same scheme. He, too, is of that "loyal" element that is laboring in behalf of the Lownston machine and against the great body of taxpayers of the county.

William Empson, another one of the "loyal" only has to think back as far as the last township election in the Driftwood township to find himself out of the party traces working in his own way against the party nominee for trustee. He might also ask himself this question: "Was I, William Empson, 'loyal' enough two years ago to support and vote for the entire republican county ticket?"

Such is the party loyalty of the leaders of that element who are pleased to call themselves "loyal" republicans. Their record in the last campaign in the county disproves their claim and reveals their real purpose now, which is to render assistance to the ring and save the Burrell machine, which has been run so long at the expense of the taxpayers of the county. Any other pretense they may make will deceive no one. Their immediate past establishes their present motives.

Hon. O. H. Montgomery will leave tonight or in the morning for Harrison county where he speaks Tuesday and Wednesday nights. He makes one speech at Elizabeth and another at Laconia.

Saturday James L. Tucker, republican candidate for prosecuting attorney, came over from Salem and met several of our people. He is a pleasant gentleman and makes friends rapidly. He was accompanied by Charles Lockwood of Washington county. They returned home Sunday. Mr. Tucker will visit Seymour again before election day.

Evangelistic Services.

The meetings at the Armory Hall yesterday were very encouraging. Rev. Cantrell, of Irvington, preached at 10.30. Evangelist Patterson preached at 3 p. m. to a house full of ladies on "Fads and Fashions." All those present expressed themselves as delighted with the address. At 7 p. m. the hall was full of splendid people who listened to a very impressive sermon. Tonight he will preach on "Death-bed Repentance. What of It?" Mr. Patterson's standing and experience should call out the whole city to hear him.

THE ONE GREAT ISSUE

MR. MCKINLEY'S WAR POLICY SHOULD BE SUSTAINED.

Importance of the Coming Election Should Appeal to Every Man Who Loves His Country and Is Proud of Her Victory Over a Barbarous Nation.

The one great issue in this campaign is set forth in a circular letter addressed to Republicans by Chairman Herley and Secretary Spooner of the state committee. The Democrats have no arguments to meet it. Its appeal is eloquent and convincing. Among its strong sentences are the following:

"The importance of this election appeals directly to every patriotic voter, without regard to party affiliations, and as the Democrats have made such loud professions in their support of McKinley and the administration in the beginning of the war with Spain, we believe that many of them were in earnest and will stand by the president and his administration until terms of peace are agreed upon, and we believe that you can appeal to the wavering and doubtful voter, as well as the patriot, and ask him to join you in the support of the Republican ticket at the polls, for by so doing he emphasizes his approval of the conduct of the war and the magnificent foreign policy of the McKinley administration.

"The American flag is waving over newly acquired territory, and questions of great concern affecting the honor of the nation depend upon a settlement of these questions, so that other nations of the earth will not interfere with their adjustment.

"The vital question in this campaign is, shall the American people endorse, by their votes, the attitude of their own nation, and say to the other nations of the world that in times of war and trouble they stand by the old flag, the army and navy and the commander-in-chief, or shall they aid Spain and the other nations of the world by voting out of power the administration which has so successfully prosecuted the war? A vote to uphold the McKinley administration will show other nations that we are united, and this warns them against any interference in our settlement of questions with a nation which our army and navy have conquered.

"Not only this generation of voters is vitally interested in these questions, but the generations yet to come are interested that this question be settled once and for all on right lines.

"We appeal to you to use all of your influence with your neighbors and friends, and ask you to see them and talk to them quietly and urge the Republicans to be at the polls and awaken in them an earnestness that will stir them on election day.

"We must carry this election by a thorough precinct organization and a house to house canvass, and we must have your help. If you will join us in this great effort to uphold the institutions of free government, and see to it that all of the Republicans in your precinct go to the polls on election day, we will achieve one of the greatest victories for this nation that has been known since the memorable day at Appomattox.

"We ask you to join us heartily in all of the questions of the campaign and help us all you can, so that the people may not suffer a national humiliation on election day."

Homelick.

A recent article on homesickness recalls the reply made by a young Swedish maid to her mistress. It expresses clearly, though in imperfect English, what every sufferer from homesickness feels.

"You ought to be contented and not fret for your old home, Ina," said the lady as she looked at the dim eyes of the girl. "You are earning good wages, your work is light, every one is kind to you and you have plenty of friends here."

"Yas'm," said the girl, "but it is not the place where I do be that makes me vera homesick, it is the place where I don't be."—Youth's Companion.

EVIDENCES OF GOOD TIMES.

More Work to Do With a Constant Demand For More Workers.

The Republican party, two years ago, in asking the confidence of the people, assured them that its policy would bring immediate prosperity, that it would drive hard times out of the country. That the party has been true to its promises is shown by the following instances, a very few of the many observable day after day in Indiana alone.

Fifteen of the leading manufacturing establishments of the state that employed in 1894 only 2,455 men have more than double that number of their working force. This makes, so far, an increase of 125 per cent, with a constant demand for more men.

There has been a 10 per cent average advance of wages since McKinley was elected president.

A year after good times began under McKinley, in 10 leading lines of manufacturing, Indiana's wage workers therein got \$18,081,206 for their labor. That was a great increase over the wages of any one year of Cleveland's two administrations. This year there was a further increase, the wages paid amounting to \$20,353,975.

According to the state statistician's report, 12 leading lines of manufacturing in Indiana show a marked increase of capital invested this year, with a product valued at \$14,845,705 more than last year, the comparison being, 1897, capital invested, \$29,065,444; this year, \$29,246,659. Value of product 1897, \$83,629,594; 1898, \$98,475,297.

One hundred and five Indiana establishments report that they are employing 5,000 more men than a year ago. That is, nearly 50 more men in each establishment have found work this year which they failed to find under Cleveland or even last year when good times had hardly a fair start.

Where workmen had little to do under Cleveland, they are working night and day under McKinley and that, too, remember at increased wages.

Secretary G. A. Lambert of the Buckeye Manufacturing company at Anderson said recently:

"Since the election of 1896 our business has steadily increased. Our men are principally piece-workers, and their wages vary in proportion to our business. Men who earned \$300 each in 1894, 1895 and 1896 are now earning from \$600 to \$700 with the piece price the same. We work almost wholly on orders. If we could have secured sufficient stock we would have shipped \$750,000 this year. We have not shut down since the election. Future prospects were never brighter."

Charles Sheperkoter, president of the Filmmakers' union, and employed in the Arcade fileworks at Anderson, in speaking of the conditions, said: "The men have no complaint to make. They receive good wages and are working full time. We worked more this year and in 1897 than in any previous year since 1892. The men are all well satisfied here and are not ready to vote for any policy that will give us again the conditions that existed a few years ago."

The Columbia Encaustic Tile company at Anderson is another large concern that typifies the prosperity of the times. Harry Haugh, speaking for the company, said: "For the last six months the company has been 30 days behind in its orders. Our advances from the east, where most of our goods are sold, indicate a very large demand in the future, especially for the finer grades. This demand therefore indicates a return of that feeling of confidence that causes men of means to make permanent investments."

W. N. Darbin, manager of the Anderson foundry and machine works, said: "Business now is the best we have experienced in four years. We work on orders only, and can scarcely keep pace with our orders."

With the opening of the canal across the isthmus, Central America will become the highway of nations; therefore, every consideration of safety on our part will require that it be built through our territory and operated by us. Hence, we must gain possession of the isthmus. And we need Cuba and Porto Rico to protect our commerce on the Gulf of Mexico and our coast line on its border.

The Other Way Around.

The loyalty of the Scottish highlander to his kilt is a picturesque thing. He will never admit that it makes him cold, and highlanders who were suffering from cold in the ordinary dress of civilization have been known to substitute the kilt for it in order to get warm, though this would be much like removing one's coat and waistcoat and rolling up one's shirt sleeves for the same purpose.

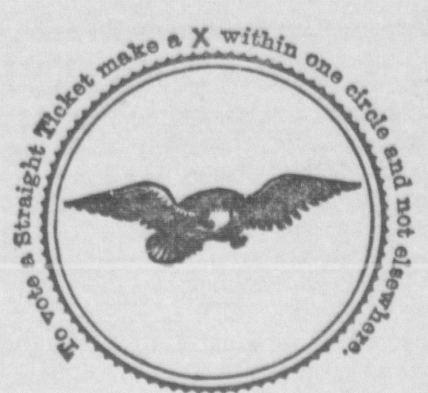

It is said that a stranger, seeing a soldier in full highlander uniform shivering in a cold wind, asked him:

"Sandy, are you cold with the kilt?" "Na, na, mon," the soldier answered indignantly, "but I'm nigh kilt with the cauld!"—Exchange.

HOW TO VOTE

Republican Ticket.

REP. For Secretary of State,
UNION BANNER HUNT.

REP. For Auditor of State,
W. H. HART.

REP. For Treasurer of State,
LEOPOLD LEVY.

You must get your ballots and the blue pencil of the polling clerks in the election room.

If you want to vote a **STRAIGHT REPUBLICAN TICKET**, make a cross, thus **X**, within the **LARGE CIRCLE** at the head of the ticket containing the **EAGLE**. If you **DO NOT** wish to vote a straight ticket, you **MUST NOT** make a cross in the large circle containing the device of any party, but you must make a cross, thus **X**, on the small square to the left of the name of each candidate for whom you desire to vote on whatever list of candidates it may be. IF THE **LARGE CIRCLE** AT THE HEAD OF THE **TICKET** is marked, and the ballot is marked at any other place, **IT IS VOID AND CANNOT BE COUNTED**, unless there be no candidate for some office in the list printed under such marked device, in which case you may indicate your choice for such office by making a cross, thus **X**, on the square to the left of the name of any candidate for such office on any other list. The cross must be placed within or on the circle or square, or the ballot is void and cannot be counted.

DO NOT MUTILATE YOUR BALLOT or mark it either by scratching a name off or writing one on, or in any other way **EXCEPT BY MARKING IN THE CIRCLE OR ON THE SQUARES**, as before mentioned. Otherwise the ballot will not be counted.

After marking your ballots, and before leaving the booth, **FOLD THEM SEPARATELY**, so that the face of them cannot be seen, and so that the **INITIAL LETTERS** of the names of the polling clerks on the back thereof can be seen. Then hand your ballots to the inspector, the pencil to the polling clerk, and leave the room.

If you are physically unable to mark your ballots, or cannot read English, so inform the polling clerks, and tell them how you wish to vote, and they will mark your ballots for you. But neither you or the clerks must permit any other person to hear or see how your ballots are marked. It is a penal offense to declare that you cannot read English or cannot mark your ballots, if, in fact, you can.

If you should accidentally, or by mistake, deface, mutilate or spoil your ballots, return them to the poll clerks and get new ballots.

You must not accept a ballot from any person outside of the election room. Any ballot outside is fraudulent, and it is a penitentiary offense to have such a ballot in your possession, whether you attempt to vote it or not.

You must not attempt to hold any conversation in the election room except with members of the election board and the poll clerks.

You must not put any mark of any kind on your ballot except as before mentioned.

Use only the blue pencil handed to you by the polling clerk in marking your ballot. If you mark with any other pencil your ballot is void and will not be counted.

MUST STAND UNITED

President McKinley at Red Oak, Ia.: "We have material wealth, we have rich and fertile lands, we have great shops and great factories that make everything. We have skilled workmen, we have genius for invention, and in the last 30 years we have achieved commercial triumphs which have been the wonder of the world. We have much to be thankful for. We have come out of events of the last five months glorious in our victories and more glorious in the results which are to come. We are fortunate in the virtue of our people, and in the valor of our soldiers and sailors. We have been patriotic in every crisis of our history and never more patriotic than from April 1, 1898, to the present hour. Our patriotism must be continued. We must not permit it to abate, but we must stand unitedly until every settlement of the recent contest shall be written in enduring form and shall record a triumph for civilization and humanity."

The ripening fruit of the Pacific is falling into our hands. If the Democratic leaders have no appetite for it they will not be forced to partake. There are enough to enjoy it without their assistance. They will not be missed from the feast.

MARRIED.

Henry Toppe, of Redding township and Miss Emma Mott, of Seymour, were united in marriage at 6:30 o'clock, Sunday evening, October 22, 1893, at the German Lutheran church in the presence of an immense audience, with Rev. Philip Schmidt, master of ceremonies. They are among our most respected young people. That their wedded life may be pleasant is the wish of their host of friends.

John L. Riehm, of Louisville, and Miss Minnie C. Phelan, of Seymour, were united in marriage at 7:45 o'clock Monday morning, October 24, 1893, at the Catholic church with Rev. Father Conrad tying the nuptial knot. The church was crowded with the elite of the city to witness the union of these worthy young people. The groom is a prominent and popular business man of the Falls City, although raised in Seymour, and long connected with S. V. Harding in business, as they are in Louisville. The bride has for some time been a teacher in our public schools and was held in high esteem by the school management. The happy couple left this morning for Dayton, O., and the east on a bridal trip. They will be at home to their host of friends at Louisville after November 30. May their wedded life be pleasant throughout.

Robbed the Grave.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters' and to my great joy and surprise the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim. No one should fail to try them. Only 50 cts. per bottle at W. F. Peter's drug store."

Remarkable Rescue.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for Consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottles of this Great Discovery at W. F. Peter's drug store. Large bottles 50 cents and \$1.00.

And that is the reason I inflict this kicking.
